Table of Productive Units

Enter the information concerning your productions in the boxes that are blank in the *Table of Productive Units* attached to this document.

For reference purposes, the table contains information related to your previous year's productions.

For the fiscal period ending in 2017

Certain information from your file may already have been entered into the *Table of Productive Units*. If the information is inaccurate, please contact your service centre.

If any of your productions is missing from the *Table of Productive Units*, add it in the correct category, either under the crop or animal section.

You must provide all the information based on the fiscal periods ending in 2017. If need be, see the *Guide for Reporting Productive Units* on our website.

For more information, please contact us at 1 877 861-2272.
