## General information

1. This form makes it possible to designate the PCAM or to change the designation of the PCAM. The PCAM will also be the authorized representative for the business in matters relating to its on-line file.
2. The business must understand that, when it names a PCAM, that person represents the business to FADQ for all its on-line transactions. The PCAM has access to all the personal and confidential information held by the business, whether current, modified or future.
3. If the business is owned by a sole proprietor, that person may act as the PCAM. This form must be provided to La Financière agricole if the sole proprietor acts as the PCAM. To designate a third party, a power of attorney must accompany this form. For an example of a power of attorney, see the **Registration** section of the on-line file on our website [www.fadq.qc.ca](http://www.fadq.qc.ca)
4. If the business is not owned by a sole proprietor, the PCAM can be one of the shareholders, associates, board directors (chair, vice-chair, secretary, treasurer). In all of the above cases, this form must be provided to La Financière agricole.
5. If the business is not owned by a sole proprietor, a third party can be designated to act as the PCAM. This designation must be made by a resolution of the board of directors, the excerpt of which is signed by one of the persons authorized to do so (chair, vice-chair, secretary, treasurer) or by a power of attorney designating the PCAM, signed by this same authorized person or associate and provided to La Financière agricole along with this form. For examples of a resolution and power of attorney, see the **Registration** section of the on-line file on our website [www.fadq.qc.ca](http://www.fadq.qc.ca)
6. The PCAM's role is to register the business for its on-line file at FADQ, grant partial or full access rights to users whose duties require on-line file access, manage the access rights of these users and withdraw the access rights if need be. The PCAM is also authorized to make further decisions and take action relating to the on-line file of the business. The PCAM must notify users of their commitment not to disclose their user code and password at any time.
7. A user code and temporary password will be sent by mail to the PCAM as soon as possible.
8. The password is temporary since it must be changed as soon as the on-line file is accessed for the first time.
